

# Bean tree life cycle

Cut out, order and label the parts of the life cycle

bean tree

seed

flower

root growing

seedpod

seedling

# Draw and label a plant

Language name \_\_\_\_\_

English name \_\_\_\_\_

Where does this plant grow?

sand country

rivers

woodland

rocky country

plains

What is the plant use for? \_\_\_\_\_

Draw a picture of the plant and label the leaves, flowers, seeds, stem and bark.

## Labels for pressed specimens and plant profiles

English name: \_\_\_\_\_

Language name: \_\_\_\_\_

What it is used for? food medicine tools weapons decoration

What kind of country (habitat) does it grow in?

sand country rivers woodland rocky country limestone country

What type of plant is it?

vine shrub tree herb grass

## Labels for pressed specimens and plant profiles

English name: \_\_\_\_\_

Language name: \_\_\_\_\_

What it is used for? food medicine tools weapons decoration

What kind of country (habitat) does it grow in?

sand country rivers woodland rocky country limestone country

What type of plant is it?

vine shrub tree herb grass

## Labels for pressed specimens and plant profiles

English name: \_\_\_\_\_

Language name: \_\_\_\_\_

What it is used for? \_\_\_\_\_

\_\_\_\_\_

What kind of country (habitat) does it grow in?

\_\_\_\_\_

What type of plant is it? \_\_\_\_\_  
(vine, shrub, tree, herb, grass)

## Labels for pressed specimens and plant profiles

English name: \_\_\_\_\_

Language name: \_\_\_\_\_

What it is used for? \_\_\_\_\_

\_\_\_\_\_

What kind of country (habitat) does it grow in?

\_\_\_\_\_

What type of plant is it? \_\_\_\_\_  
(vine, shrub, tree, herb, grass)

# Plant Adaptations - for Senior Primary

Language name \_\_\_\_\_

English name \_\_\_\_\_

Where does this plant grow?

sand country    rivers    woodland    rocky country

limestone country    plains

What type of plant is it?

vine    little shrub    shrub    tree    herb    grass

Some things about plants help them to survive in hot, dry country. These things are called **adaptations to the environment**. Circle the adaptations this plant has.

**Bark** rough    smooth    corky    furrowed    light colour

**Leaves** small    narrow    spines    spikey    shiny    waxy

tough    silvery    hairy    fleshy    hanging down    light colour

**Seeds inside** gumnut    woody seedpod    other seedpod    cone

## Plant Story - for Upper Primary

Language name \_\_\_\_\_

English name \_\_\_\_\_

Draw a picture of the plant

Where does this plant grow? \_\_\_\_\_

Describe the plant's habit \_\_\_\_\_

(is it a tree, shrub, grass, vine or herb?)

Describe the bark \_\_\_\_\_

leaves \_\_\_\_\_

flowers \_\_\_\_\_

seeds \_\_\_\_\_

What is the plant used for? \_\_\_\_\_

## Plants and Habitats

What kind of country is it? \_\_\_\_\_

Draw a picture of the country showing the different plants

Draw one of the plants that you have learnt about. What is its name? \_\_\_\_\_

What is it used for?

medicine

food

tools

What other plants have you learnt about?

Name: \_\_\_\_\_

\_\_\_\_\_

Uses:  
medicine  
food  
tools  
weapons

Name: \_\_\_\_\_

\_\_\_\_\_
